PROJECTS

Smart E-cab for Campus	01 Nov, 2021 - 30 Apr, 2022

Mentor: Mr. Ankit Jasoliya | **Team Size:** 2

Key Skills: HTML   CSS   PHP   PhpMyAdmin   SQL   Raspberry Pi   NFC   Arduino UNO

It is a hardware base project in my diploma , I didn't host this project on internet because of hardware can't able to sync in real-time and that time i don't have that much knowledge, it is design to store all information of rides which is scan by NFC tag and that tag show the information of user (Faculty) for accessing the Cab of campus which makes the overall record how many time staffs are using the cab.
